For Immediate News Release April 23, 2001

#### AVALONBAY COMMUNITIES, INC. ANNOUNCES FIRST QUARTER 2001 OPERATING RESULTS

(Alexandria, VA) AvalonBay Communities, Inc. (NYSE/PCX: AVB) reported today that Earnings per Share ("EPS") before gain on sale of communities for the quarter ended March 31, 2001 was \$.54 (diluted) compared to \$.44 (diluted) for the comparable period of 2000, a per share increase of 22.7%. Funds from Operations ("FFO") for the quarter, including the negative impact of non-recurring items, was \$67,699,000 or \$.98 per share (diluted) compared to \$58,614,000 or \$.87 per share (diluted) as previously reported for the comparable period of 2000, a per share increase of 12.6%. FFO per share excluding nonrecurring items would have been \$1.01. Non-recurring items are primarily represented by the impact of separation payments totaling \$2.5 million for a departing executive.

EPS (including gain on sale of communities) for the quarter ended March 31, 2001 was \$.61 (diluted), compared to \$0.56 (diluted) for the comparable period of 2000, a per share increase of 8.9%.

The Company will hold a conference call on April 24, 2001 at 11:00 AM Eastern Time (EST) to review these results. The domestic number to call to participate is 1-800-982-3654. The international number to call to participate is 1-703-871-3021. The domestic number to hear a replay of this call is 1-888-266-2086, and the international number to hear a replay of this call is 1-703-925-2435 - Access Code: 5064776. A webcast of the conference call will also be available at http://www.avalonbay.com/earnings, and an on-line playback of the webcast will be available for 30 days following the call.

## Operating Results for the Quarter Ended March 31, 2001 Compared to the Prior Year Period

<u>Total revenue</u> increased by \$20,669,000, or 15.3% to \$155,757,000, and earnings before interest, income taxes, depreciation and amortization ("EBITDA") increased by \$13,900,000 or 15.8% to \$101,628,000. The overall increase in revenue and EBITDA is primarily attributable to newly developed and redeveloped communities as well as operating improvements related to Established Communities (as defined in the Attachments to this release).

For Established Communities, rental revenue increased 11.8%, comprised of rental rate growth of 12.4% and a decrease in economic occupancy (as defined in the Attachments to this release) of 0.6%. Total revenue at these communities increased \$11,166,000 to \$105,743,000 and operating expenses increased

\$1,615,000, or 6.4%. Accordingly, net operating income ("NOI") at these communities increased by \$9,551,000 or 13.8%.

#### **Development Activity**

During the first quarter, the Company started construction of two development communities, Avalon Oaks West (located in the Boston, Massachusetts area), and Avalon at Mission Bay North (located in San Francisco, California). When completed, these two communities will contain an aggregate of 370 apartment homes with a projected total investment of approximately \$97.2 million.

Also during the first quarter, the Company completed the construction of Avalon Estates, a 162 apartment home community located in the Boston, Massachusetts area.

#### **Disposition Activity**

During the first quarter, the Company sold one community, Crossbrook (located in the San Francisco, California area). The net proceeds from the sale of this 226 apartment home community were approximately \$14.5 million.

#### **Acquisition Activity**

The Company acquired three communities during the first quarter; Avalon Wynhaven, Avalon Brandemoor and Avalon WildWood (all located in the Seattle, Washington area). These communities were acquired in connection with the terms of a forward purchase contract agreed to in 1997 with an unrelated party. The three communities contain an aggregate of 995 apartment homes, and were acquired for a total

purchase price of \$129.3 million, previously funded through construction loans provided by AvalonBay.

#### Financing, Liquidity and Balance Sheet Statistics

As of the end of the quarter, the Company had no outstanding balance under its \$600 million unsecured credit facility and unrestricted cash totaled approximately \$58 million. This available cash, the unsecured credit facility and approximately \$100 million of cash retained from operations annually, is primarily intended for the development and acquisition of new communities.

Leverage, as measured by debt as a percentage of total capitalization (i.e., market value of common stock, liquidation preference of preferred stock, plus face value of debt) was 33.1% at March 31, 2001. Earnings for the first quarter covered Fixed Charges by 3.3 times and EBITDA covered interest by 4.8 times.

#### 2001 Outlook

The Company affirms its FFO per share estimate of \$4.05 to \$4.09 for 2001. This estimate reflects samestore revenue growth in the range of 7% to 8% with same-store operating expense growth of approximately 5% resulting in same-store NOI growth of 8% to 9%.

#### About AvalonBay Communities, Inc.

AvalonBay, named the National Association of Home Builders' Development Company of the year for 1998 and 1999, currently owns or holds an ownership interest in 139 apartment communities containing 41,772 apartment homes in twelve states and the District of Columbia, of which thirteen communities are under construction and four communities are under reconstruction. AvalonBay is an equity REIT in the business of developing, redeveloping, acquiring and managing luxury apartment communities in high barrierto-entry markets of the United States. More information on AvalonBay may be found on AvalonBay's Website at http://www.avalonbay.com. For additional information, please contact Bryce Blair, President and Chief Executive Officer, at (703) 317-4652 or Thomas J. Sargeant, Executive Vice President and Chief Financial Officer, at (703) 317-4635.

#### Forward-Looking Statements

This release, including it's attachments contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The forward-looking statements contained in this release are statements that are subject to certain risks and uncertainties, including, but not limited to, possible changes in demand for apartment homes, the effects of economic conditions, the impact of competition and competitive pricing, changes in construction costs, the results of financing efforts, potential acquisitions under agreement, the effects of the Company's accounting policies and other matters detailed in the Company's filings with the Securities and Exchange Commission, including the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2000 under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations - Forward-Looking Statements".

#### **Definition of FFO**

Management generally considers FFO to be an appropriate measure of the operating performance of the Company because it provides investors an understanding of the ability of the Company to incur and service debt and to make capital expenditures. FFO is determined based on a definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts ("NAREIT"), which may differ from the methodology for computing FFO used by other REITs, and, accordingly, the Company's calculation of FFO may not be comparable to the FFO reported by other REITs.

FFO does not represent cash generated from operating activities in accordance with GAAP. Therefore it should not be considered an alternative to net income as an indication of our performance. FFO should also not be considered an alternative to net cash flows from operating activities as determined by GAAP as a measure of liquidity. Additionally, it is not necessarily indicative of cash available to fund cash needs.

#### **Earnings Release Attachments**

The Company produces Earnings Release Attachments (the "Attachments") that provide detailed information regarding operating, development, redevelopment, disposition and acquisition activity. These Attachments are available via the Company's website and through email distribution. Access to the Attachments through the Company's website is available at http://www.avalonbay.com/earnings. If you would like to receive future press releases via e-mail, please register the Company's website through at http://www.avalonbay.com/website/PressRegistration.nsf. Some items referenced in the earnings release may require the Adobe Acrobat 4.0 Reader. If you do not have the Adobe Acrobat 4.0 Reader, you may download following it at the website address: http://www.adobe.com/products/acrobat/readstep.html.

## **FIRST QUARTER 2001**

Supplemental Operating and Financial Data

Avalon Estates features one and two-bedroom direct-entry apartment homes with optional lofts and direct access or detached garages. The community is conveniently located in Boston's South Shore region, just minutes to shopping, dining and recreational areas such as Nantasket Beach.

Avalon Estates offers all the conveniences and amenities that are signatures of the Avalon Communities experience. Residents enjoy numerous community amenities including a fully-equipped fitness center, outdoor swimming pool and more. Residents will also find they have easy access to Route 3 and I-93 and that Boston is just a short 30-minute drive from the community.

With Avalon Estates' amenities and prime location, residents will have more time for the things most important to them. We call that Time Well Spent.

(1) Represents only cost of redevelopment activity, does not include original acquisition cost or number of apartment homes acquired.

(2) Represents total acquisition cost, however, presale community costs were invested during the construction period, see Attachment #10 for quarterly investment amounts.

The following is a "Safe Harbor " Statement under the Private Securities Litigation Reform Act of 1995 and Section 21E of the Securities and Exchange Act of 1934, as amended. The projections and estimates contained in the table above are forward-looking statements. These forward-looking statements involve risks and uncertainties, and actual results may differ materially from those projected in such statements. Risks associated with the Company's development, redevelopment, construction, and lease-up activities, which could impact the forward-looking statements made, include: development opportunities may be abandoned; construction costs of a community may exceed original estimates, possibly making the community uneconomical and/or affecting projected returns; and construction and lease-up may not be completed on schedule, resulting in increased debt service and construction costs.

| Weighted Average Projected EE<br>as a % of Total Budgeted Cost (        |                      | 10.3%                  |         |                      |          |                       |                         |               |                 |              |  |  |

- (1) Fotal Budgeted Cost includes all capitalized costs projected to be incurred to develop the respective Development Community, including land acquisition costs, construction costs, eal estate taxes, capitalized interest and loan fees, permits, professional fees, allocated development overhead and other regulatory fees determined in accordance with generally accepted accounting principles.
- (2) Stabilized operations is defined as the first full quarter of 95% or greater occupancy after completion of construction.
- (3) For communities not yet in lease-up, "Average Rent Per Home" reflects pro forma projections.
- (4) ncludes apartment homes for which construction has been completed and accepted by management as of April 13, 2001.
- (5) ncludes apartment homes for which leases have been executed or non-refundable deposits have been paid as of April 13, 2001.
- (6) ncludes apartment homes occupied as of April 13, 2001.
- (7) This community will be developed under a joint venture structure with third party financing. AvalonBay's portion of the Budgeted Cost for this consolidated JV is projected to be \$13.3 million after project based debt.
- (8) Projected EBITDA represents management's estimate, as of the date of release of this information, of gross potential community-level earnings projected to be achieved for the irst stabilized year following the completion of construction before interest, income taxes (if any), depreciation, amortization and extraordinary items, minus (a) projected economic racancy and (b) projected stabilized operating expenses. Projected EBITDA does not include either a management fee or any allocation of corporate overhead and is not a neasure that can be determined in accordance with GAAP. Management uses its determination of Projected EBITDA to help measure the projected impact that a community inder construction may have on company-wide performance once such community is complete and achieves stabilization (i.e., a 95% rate of occupancy.) Projected EBITDA is also a tool that management uses to measure and compare the performance and projected performance of different community. Projected EBITDA should not be considered as an alternative to operating income, as determined in accordance with GAAP, as an indicator of the Company's or a community's operating performance, or to cash flows from operating activities (as determined in accordance with GAAP) as a measure of liquidity. Projected EBITDA, and in particular community-level EBITDA reflected here for these communities under development as well as completed this quarter, as disclosed by other REITs may not be comparable to the Company's calculation of EBITDA.

The following is a "Safe Harbor" Statement under the Private Securities Litigation Reform Act of 1995 and Section 21E of the Securities and Exchange Act of 1934, as amended. The projections and estimates contained in the table above are forward-looking statements. These forward-looking statements involve risks and uncertainties, and actual results may differ materially from those projected in such statements. Risks associated with the Company's development, redevelopment, construction, and lease-up activities, which could impact the forward-looking statements made, include: development opportunities may be abandoned; construction costs of a community may exceed original estimates, ossibly making the community uneconomical and/or affecting projected returns; and construction and lease-up may not be completed on schedule, resulting in increased debt service and construction costs.

Weighted Average Projected EBITDA as a % of Total Budgeted Cost (6) 10.1%

(1) Redevelopment Communities are communities acquired for which redevelopment costs are expected to exceed 10% of the original acquisition cost or \$5,000,000.

- (2) Total Budgeted Cost includes all capitalized costs projected to be incurred to redevelop the respective Redevelopment Community, including costs to acquire the community, reconstruction costs, real estate taxes, capitalized interest and loan fees, permits, professional fees, allocated redevelopment overhead and other regulatory fees determined in accordance with generally accepted accounting principles.
- (3) Restabilized operations is defined as the first full quarter of 95% or greater occupancy after completion of reconstruction.
- (4) The Acquisition Cost of \$133.9 million is comprised of the initial acquisition cost of \$130 million plus capital expenditures of \$3.9 million that were made following the acquisition and were unrelated to redevelopment costs.
- (5) This community will be redeveloped in a joint venture structure with third party financing. AvalonBay's portion of the Total Budgeted Cost for this unconsolidated joint venture is projected to be \$9.6 million after project based debt.
- (6) Projected EBITDA represents management's estimate, as of the date of release of this information, of gross potential community-level earnings projected to be achieved for the first stabilized year following the completion of construction before interest, income taxes (if any), depreciation, amortization and extraordinary items, minus (a) projected economic vacancy and (b) projected stabilized operating expenses. Projected EBITDA does not include either a management fee or any allocation of corporate overhead and is not a measure that can be determined in accordance with GAAP. Management uses its determination of Projected EBITDA to help measure the projected impact that a community under construction may have on company-wide performance once such community is complete and achieves stabilization (i.e., a 95% rate of occupancy.) Projected EBITDA is also a tool that management uses to measure and compare the performance and projected performance of different communities. Projected EBITDA should not be considered as an alternative to operating income, as determined in accordance with GAAP, as an indicator of the Company's or a community's operating performance, or to cash flows from operating activities (as determined in accordance with GAAP) as a measure of liquidity. Projected EBITDA, and in particular community-level EBITDA reflected here for these communities under redevelopment as well as completed during the quarter, as disclosed by other REITs may not be comparable to the Company's calculation of EBITDA."

The following is a "Safe Harbor" Statement under the Private Securities Litigation Reform Act of 1995 and Section 21E of the Securities and Exchange Act of 1934, as amended. The projections and estimates contained in the table above are forward-looking statements. These forward-looking statements involve risks and uncertainties, and actual results may differ materially from those projected in such statements. Risks associated with the Company's development, redevelopment, construction, and lease-up activities, which could impact the forward-looking statements made, include: development opportunities may be abandoned; construction costs of a community may exceed original estimates, possibly making the community uneconomical and/or affecting projected returns; and construction and lease-up may not be completed on schedule, resulting in increased debt service and construction costs.

- (1) EBITDA represents management's estimate, as of the date of release of this information, of gross community-level earnings achieved at the communities whose development was completed during the indicated year, before interest, income taxes, depreciation, amortization and extraordinary items. EBITDA does not include a management fee or any allocation of corporate overhead and is not a measure that can be determined in accordance with GAAP. Management uses its determination of community-level EBITDA to help measure the impact that a community has on company-wide performance and projected performance of different communities. EBITDA should not be considered as an alternative to operating income, as determined in accordance with GAAP, as an indicator of the Company's or a community's operating performance, or to cash flows from operating activities (as determined in accordance with GAAP) as a measure of liquidity. EBITDA, and in particular community-level EBITDA, as disclosed by other REITs may not be comparable to the Company's calculation of EBITDA.
- (2) Total capital cost includes all capitalized costs projected to be incurred to develop or redevelop the respective community, including land acquisition costs, construction costs, reconstruction costs, real estate taxes, capitalized interest and loan fees, permits, professional fees, allocated development overhead and other regulatory fees determined in accordance with generally accepted accounting principles ("GAAP").
- (3) Represents actual or projected yield for first full calendar year of stabilized operations.
- (4) Based on 2001 community operating budgets.
- (5) 1995 Redevelopment was adjusted to exclude Crossbrook which is included in 1999 Redevelopment completions.

The following is a "Safe Harbor" Statement under the Private Securities Litigation Reform Act of 1995 and Section 21E of the Securities and Exchange Act of 1934, as amended. The projections and estimates contained in the table above are forward-looking statements. These forward-looking statements involve risks and uncertainties, and actual results may differ materially from those projected in such statements. Risks associated with the Company's development, redevelopment, construction, and lease-up activities, which could impact the forward-looking statements made, include: development opportunities may be abandoned; construction costs of a community may exceed original estimates, possibly making the community uneconomical and/or affecting projected returns; and construction and lease-up may not be completed on schedule, resulting in increased debt service and construction costs.

<sup>(1)</sup> Company owns land, but construction has not yet begun.

The following is a "Safe Harbor " Statement under the Private Securities Litigation Reform Act of 1995 and Section 21E of the Securities and Exchange Act of 1934, as amended. The projections and estimates contained in the table above are forward-looking statements. These forward-looking statements involve risks and uncertainties, and actual results may differ materially from those projected in such statements. Risks associated with the Company's development, redevelopment, construction, and lease-up activities, which could impact the forward-looking statements made, include: development opportunities may be abandoned; construction costs of a community may exceed original estimates, possibly making the community uneconomical and/or affecting projected returns; and construction and lease-up may not be completed on schedule, resulting in increased debt service and construction costs.

<sup>(2)</sup> The land is currently owned by Town Close Associates Limited Partnership in which the Company is a majority partner. It is currently anticipated that the land seller will retain a minority limited partner interest.

(1) Estimated Budgeted Cost does not include any AvalonBay overhead allocations incurred during the construction of the Presale Communities.

(2) Represents amount incurred on Presale Completions 1, 2 and 3. The acquisition of Avalon Greyrock will occur at completion of construction, and unlike the other presale communities under construction, there will be no investment in this asset prior to completion.

(3) The acquisition of Avalon Greyrock will occur at completion of construction, there will be no investment in this asset prior to completion.

The following is a "Safe Harbor " Statement under the Private Securities Litigation Reform Act of 1995 and Section 21E of the Securities and Exchange Act of 1934, as amended. The projections and estimates contained in the table above are forward-looking statements. These forward-looking statements involve risks and uncertainties, and actual results may differ materially from those projected in such statements. Risks associated with the Company's development, redevelopment, construction, and lease-up activities, which could impact the forward-looking statements made, include: development opportunities may be abandoned; construction costs of a community may exceed original estimates, possibly making the community uneconomical and/or affecting projected returns; and construction and lease-up may not be completed on schedule, resulting in increased debt service and construction costs.
