### **Forward-Looking Statements**

This release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, with respect to the financial condition, results of operations and businesses of the Company and the Archstone Acquisition. These forward-looking statements, which can be identified by the use of words such as “expects,” “plans,” “estimates,” “anticipates,” “projects,” “intends,” “believes,” “outlook” and similar expressions that do not relate to historical matters, are based on current expectations, forecasts and assumptions which may not be realized and involve risks and uncertainties, many of which cannot be predicted with accuracy and some of which might not even be anticipated, that could cause actual outcomes and results, financial and otherwise, to differ materially, including statements related to the closing of the Archstone Acquisition and the size and intended use of proceeds of the offering. Risks and other factors related to the Company that might cause such differences include, among others, the following: we may abandon development or redevelopment opportunities for which we have already incurred costs; adverse capital market conditions may affect our access to various sources of capital and/or cost of capital, which may affect our business activities, earnings and common stock price, among other things; changes in local employment conditions, demand for apartment homes, supply of competitive housing products, and other economic conditions may result in lower than expected occupancy and/or rental rates and adversely affect the profitability of our communities; delays in completing development, redevelopment and/or lease-up may result in increased financing and construction costs and may delay and/or reduce the profitability of a community; debt and/or equity financing for development, redevelopment or acquisitions of communities may not be available or may not be available on favorable terms; we may be unable to obtain, or experience delays in obtaining, necessary governmental permits and authorizations; and increases in costs of materials, labor or other expenses may result in communities that we develop or redevelop failing to achieve expected profitability. Any forward-looking statements or forecasts relating to the business, prospects, operating statistics or financial results relating to the Archstone Acquisition are based on assumptions and are inherently speculative, are subject to substantial uncertainty, and the actual operating statistics and financial results may differ materially from the Company’s forecasts. Risks and other factors related to the Archstone Acquisition that might cause such differences include, among other things the following: the Archstone Acquisition may not close at the time or on the terms currently expected; assumptions concerning the availability and/or terms of financing, including among other things obtaining lender consents to the assumption of indebtedness, related to the Archstone Acquisition may not be realized; we may not be able to integrate the assets and operations acquired in the Archstone Acquisition in a manner consistent with our assumptions and/or we may fail to achieve expected efficiencies and synergies; we may encounter liabilities for which we are responsible that were unknown at the time we agreed to the Archstone Acquisition; our assumptions concerning risks relating to our lack of control of joint ventures and our ability to successfully dispose of certain assets may not be realized. In addition, the Company’s forecasts are subject to a variety of additional factors and risks, including the risks set forth under “Risk

Factors” in the Company’s Form 10-K, the Company’s preliminary prospectus supplement filed in connection with the financing of the Archstone Acquisition, and in the Company’s other periodic and Form 8-K filings with the Securities and Exchange Commission.
