The Units will convert into common stock on a one to one basis when the reporting person ceases to be an employee or director of the issuer.
- The amount of securities owned following the reported transaction reflects direct ownership of all shares of common stock, including deferred stock units convertible into common stock, some of which may be subject to vesting requirements. See remark below.
- No transaction is reported. The amount of securities owned indirectly following the reported transaction is included for information purposes only.

Remarks:

The original Form 4 filed on May 31, 2022, is being amended solely to correct an error in the number of shares of Common Stock reported as directly owned; the previously reported number included the number of shares indirectly owned, which was also reported as a separate line item in the original May 31, 2022 filing.
